Belt C 2 Zyklop In-Hex-Plus bit socket set with holding function, 1/2" drive, 6 pieces

EAN:	4013288204424	**Size:**	285x95x50 mm
Part number:	05003996001	**Weight:**	605 g
Article number:	Belt C 2	**Country of origin:**	TW
		Customs tariff number:	82042000

- 6-piece socket set on robust textile belt, ½"
- Bit-sockets with all the advantages of the Wera bit technology
- Bit-sockets with holding function for screws/bolts
- Smooth rotary mechanism for a secure hold and easy access of the tools
- Suitable for attachment to a wall, shelf, tool trolley and to the Wera 2go System

Typically Wera designed robust textile belt with 6 in-hex bit-sockets taking up minimal space. A smooth Twist to Unlock mechanism ensures a secure fit and simple removal of the sockets. Comes with Take it easy Tool Finder with colour coding according to size to enable the right tool to be selected easily and quickly. Includes a snap hook for secure fastening to a belt loop or pocket. Supplied with a nonwoven reverse side and hook-and-loop strips for simple attachment e.g. to a wall, shelf, tool trolley and to the Wera 2go tool transport system.

Wera Belts

Whoever would have thought that the storage of sockets could be completely revolutionised and that someone could come up with a stylish belt with securely attached sockets that can still be easily removed.

Bit sockets with retaining function for hexagon socket screws

The clamping of the screw is achieved by a flexible locking ball. The holding function is especially helpful in confined, hard-to-reach spaces, where there is no room for a second hand to secure the screw.

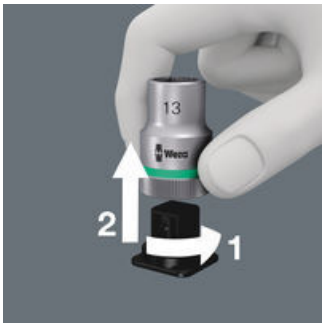
Manual and machine sockets

The manual and machine sockets can be used both for hand and power tools use (non-impact). Users need just one socket set for all applications.

Take it easy tool finder system

Take it easy tool finder system - with profile and size colour-coding for quick and easy tool selection. Colour-coded system for hexagon drive screws (L-Keys, Zyklop bit sockets), external hex drive screws and nuts (Joker wrenches, Zyklop sockets and Zyklop bit sockets with holding function), and TORX® drive screws (L-Keys, Zyklop bit sockets).

Secure hold and easy removal



The all new smooth turning mechanism guarantees both secure and rattle-free storage, yet allows easy removal of the tool.

Practical nonwoven strips

The textile belt can be attached by means of the nonwoven reverse side and the hook-and-loop strips e.g. to a wall, shelf, tool trolley and to the Wera 2go tool transport system.

Comes with convenient snap hook

The robust textile belt can be secured to a belt loop or pocket by means of the snap hook.
