Zyklop VDE Ratchet and Accessories - Every piece is safety tested.

Individually tested

Increased security

The individual testing of the Zyklop tools for electricians at 10,000 volts, in accordance with IEC 60900, guarantees safe working under voltages up to 1,000 volts.

The Zyklop sockets and extensions for electricians offer increased safety thanks to their 2-component isolation with yellow insulation core under red insulation outer layer.
