- 3/8" VDE Zyklus extension
- Individually tested tools as per IEC 60900 at 10,000 V
- Increased safety thanks to 2-component insulation with a yellow insulation core under an outer red insulation layer
- Plastic sleeve protects surfaces from damage
- Long version

3/8" VDE extension with increased safety through yellow insulation core, which becomes visible in case of damage to the outer red VDE insulation layer. Individually tested tool as per IEC 60900 at 10,000V for safe working at the approved voltage of 1,000V.

**Individually tested**

**Increased safety**

Safe working at voltages up to 1,000 V is guaranteed as Zyklop tools for electricians are individually tested at 10,000 V as per IEC 60900.

The Zyklop sockets and extensions for electricians offer increased safety thanks to their 2-component insulation with a yellow insulation core under an outer red insulation layer.
