

# Kraftform Kompakt VDE 17 Universal 1 Tool finder, 17 pieces

## Kraftform Kompakt VDE

<b>EAN:</b>	4013288229564	<b>Size:</b>	200x110x85 mm
<b>Part number:</b>	05006611001	<b>Weight:</b>	906 g
<b>Article number:</b>	Kraftform Kompakt VDE 17 Universal 1 Tool Finder	<b>Country of origin:</b>	CZ
		<b>Customs tariff number:</b>	82054000

- 17-piece set
- 2 VDE-insulated Kraftform 817 VDE blade-holding screwdrivers with anti-roll protection
- VDE blades (157 mm length) with practical spinning function, anti-roll protection and "Take it easy" Tool finder: Colour coding by profile and laser-engraved size indication
- Individually tested tools as per IEC 60900
- In robust pouch
- Suitable for Wera 2go

2x 817 VDE Kraftform bitholding screwdrivers and 15 VDE blades with "Take it easy" Tool finder: Colour coding and laser-engraved size indication; Kraftform Kompakt VDE 60 iS Take it easy 1x 0.6x3.5x157 with reduced blade diameter, so that even low-lying screw and spring elements can be easily reached and operated. Individually tested tools as per IEC 60900. Individually tested in a water quench at 10,000 V for safe working at the approved voltage of 1,000 V. In a robust belt pouch. The textile box features a fleece zone at the back. Using the provided self-adhesive hook and loop fastener strips, the textile box can be attached to the Wera 2go components. Or to the wall, shelf or workshop trolley.

Kraftform Kompakt VDE

**Individually tested**

Why is the right tool so often missing at the workplace? The reason: too many tools and overly-heavy tool bags can make it bothersome to carry keep them with you. So for us it was a clear challenge: to develop a tool that is suitable for a whole host of applications and can be easily taken along to the workplace. Our solution: Kraftform Kompakt tools. A handle into which blades with a range of different profiles can be inserted. Compactly and protectively housed in a light and robust textile pouch - and they are even VDE-tested, too.

Each Kraftform Kompakt VDE set has been tested individually at 10,000 volts, in accordance with IEC 60900. This ten-times-higher testing load guarantees safe working at their maximum permitted load of 1,000 volts.

**Handle/interchangeable blade system – Kraftform Kompakt VDE**

The handle/interchangeable blade system allows rapid exchange of the blades required for a wide range of applications.

**Easy change**

The Kraftform Kompakt VDE blades can be replaced simply by pulling down the yellow ring on the handle.

**PlusMinus screwdrivers**

For the use in terminal blocks, control cabinets, switches, relays, sockets etc.

**VDE interchangeable blade with reduced shaft diameter**

Reduced blade diameter with integrated protective insulation, allows sunken screws and spring elements to be accessed and actuated, individually tested as per IEC 60900.

**“Take it easy”**

The Kraftform Kompakt VDE blades are equipped with the "Take it easy" Tool finder. The colour coding by profile and the laser-engraved size indication make it easy to identify the required tool quickly.

**Hexagonal anti-roll feature against rolling away**

The Kraftform Kompakt blades come with an anti-roll protection. The hexagonal shape hinders the blade from rolling away annoyingly at the workplace.
