- 2 VDE-insulated Kraftform 817 VDE blade-holding screwdrivers with anti-roll protection
- VDE blades (157 mm length) with practical spinning function, anti-roll protection and "Take it easy" Tool finder: Colour coding by profile and laser-engraved size indication
- Insulated tools, blades partly with reduced diameter for safe working at up to 1,000 Volt
- Individually tested tools as per IEC 60900
- In robust pouch
- Suitable for Wera 2go

26-piece Kraftform Kompakt VDE set, 2x 817 VDE Kraftform blade-holding screwdrivers, 24 VDE blades (each 157 mm length) most of them with reduced blade diameter (iS), so that even low-lying screw and spring elements can be easily reached and operated. Individually tested as per IEC 60900 at 10,000 V for safe working at the approved voltage of 1,000 V. "Take it easy" Tool finder with colour coding by profile and laser-engraved size indication - for quick and easy identification of the required tool. Kraftform Plus handle for comfortable ergonomic screwdriving, avoiding blisters and calluses. Hard handle zones for high working speeds, while soft handle zones guarantee a high torque transfer. The anti-roll protection avoids bits from rolling away annoyingly at the workplace.

## Kraftform Kompakt VDE

### Individually tested

Blades with "Take it easy" Tool finder with colour coding by profile and laser-engraved size indication

Each Kraftform Kompakt VDE set has been tested individually at 10,000 volts, in accordance with IEC 60900. This ten-times-higher testing load guarantees safe working at their maximum permitted load of 1,000 volts.

### Handle/interchangeable blade system

The handle/interchangeable blade system allows rapid exchange of the blades required for a wide range of applications.

### VDE interchangeable blade with reduced shaft diameter

Reduced blade diameter with integrated protective insulation, allows sunken screws and spring elements to be accessed and actuated, individually tested as per IEC 60900.

### PlusMinus screwdrivers

For the use in terminal blocks, control cabinets, switches, relays, sockets etc.

### "Take it easy"

The Kraftform Kompakt VDE blades are equipped with the "Take it easy" Tool finder. The colour coding by profile and the laser-engraved size indication make it easy to identify the required tool quickly.

### Hexagonal anti-roll feature against rolling away

The Kraftform Kompakt blades come with an anti-roll protection. The hexagonal shape hinders the blade from rolling away annoyingly at the workplace.

### Fast spinning

The palm of your hand is comfortably supported on the rounded shape of the rear end of the blades. This allows quick spinning of the blade and accelerates the screwdriving process.
