

EAN:	4013288238665	Size:	175x90x60 mm
Part number:	05006622001	Weight:	342 g
Article number:	Kraftform Kompakt VDE GO RA 3	Country of origin:	CZ
		Customs tariff number:	82054000

- Compact holster for attaching to the belt
- The tools are immediately accessible
- Thanks to the holster's design, it is possible to remove the handle and insert the required blade into it with only one hand
- Particularly suitable for mobile use
- 837 i RA bitholding screwdriver with ratchet functionality for Kraftform Kompakt VDE blades
- 4 Kraftform Kompakt blades with reduced blade diameter and integrated protective insulation (iS); square head and slotted
- With Kraftform Kompakt VDE blades for square head socket screws
- 9 mm hex drive with with entry chamfer

5-piece Kraftform Kompakt VDE GO set in a compact holster for attaching to the belt. The tools are ready to hand even during mobile use. The holster's design makes it easy to remove the handle and insert the required blade into it, all with one hand. One 837 i RA bitholding screwdriver with ratchet functionality (40 teeth, 9° return angle), 4 Kraftform Kompakt VDE blades with Take it easy tool finder: colour coding by profile and laser-engraved size indication. Reduced blade diameter (iS) with integrated protective insulation, low-lying screw and spring elements can be easily reached and operated. Individually tested tools as per IEC 60900 for safe working at the approved voltage of 1,000 V.

Always close at hand

The holster has a loop at the back and can be attached to the belt, so the tools are always close at hand, even on the go.

Operable with one hand

Some assembly tasks require operating tools with one hand. Thanks to the holster's design and attaching it to your belt, it is possible to remove the handle and insert the required blade into it using only one hand.

Compact tool set

The tool set is extremely compact and lightweight.

Robust loops for a secure hold

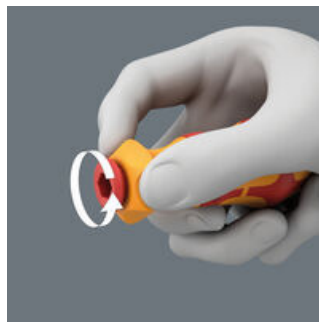

Strong loops made of rubber band securely hold the 4 Kraftform Kompakt VDE blades and the Kraftform 837 i RA bladeholding screwdriver with ratchet functionality.

The 837 i RA bladeholding screwdriver with ratchet functionality

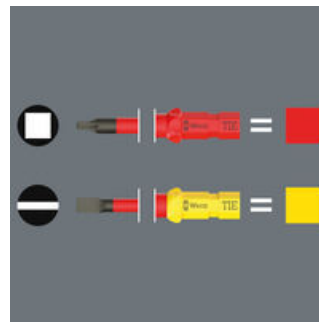

The integrated ratchet with fine toothing (40 teeth and a return angle of 9°) eases and accelerates screwdriving without having to reposition the tool.

Rapid screwdriving

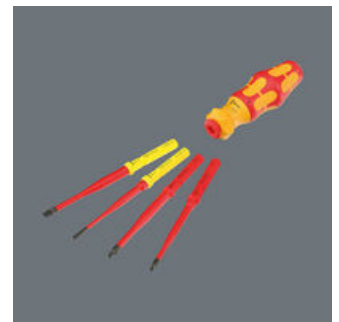

The ratchet mechanism also allows fast "spinning" while screwdriving.

Take it easy Tool Finder

The Kraftform Kompakt VDE blades are equipped with the Take it easy Tool finder. The colour coding by profile and the laser-engraved size indication make it easy to identify the required tool quickly.

Handle/interchangeable blade system

The handle/interchangeable blade system allows rapid exchange of the blades required for a wide range of applications.
