- L-keys for recessed TORX® screws
- TORX® ballpoint on the long arm
- BlackLaser for high corrosion protection and long service life
- Laser-engraved and thereby wear-resistant size markings
- Zinc phosphate plated

High quality L-keys for recessed TORX® screws. The ball-end on the long arm allows for reliable working even in difficult installation situations. Comes with extra-long arm. The BlackLaser surface treatment provides outstanding surface protection, even against corrosion, and a long service life. The tools are quickly to hand thanks to the laser-engraved and thereby wear-resistant size markings on the L-keys.

**TORX® ball tip**

**Size identification**

The spherical drive profile means that it is possible to swivel the axis of the tool to that of the screw, and therefore enable angled, "around-the-corner" screwdriving jobs.

The size of each L-keys has been engraved by a laser. In addition Take it easy L-keys have a colour coding according to sizes - for simple and rapid accessing of the required tool. Making it easy to find the right tool.
