

# 1013 Kraftform Micro Bitholding screwdriver, 97 mm

<b>EAN:</b>	4013288183699	<b>Size:</b>	175x35x15 mm
<b>Part number:</b>	05051276001	<b>Weight:</b>	26 g
<b>Article number:</b>	1013 Kraftform Micro	<b>Country of origin:</b>	CZ
		<b>Customs tariff number:</b>	82054000

- Kraftform Micro bit holder
- Multi-component Kraftform Micro handle with anti-roll feature and rotating cap
- Suitable for take-up of bits with 4 mm halfmoon drive and bits with 4 mm HIOS drive
- Applications e.g. on smartphones, mobile phones, cameras, electronic equipment

Kraftform Micro holder with ergonomic Kraftform handle for fast and low-fatigue working. The anti-roll feature prevents any bothersome rolling away at the workplace. Suitable for take-up of bits with 4 mm halfmoon drive and bits with 4 mm HIOS drive. Ideal for applications on smartphones, cell phones, cameras, electronic equipment, in dental laboratories and dental surgeries.

**For Halfmoon and HIOS Bits**

Applications e.g. on smartphones, mobile phones, cameras, electronic equipment

Features a combination bit holder for both bits with Halfmoon and bits with HIOS drive.

**Kraftform Micro handle**

Multi-component screwdriver handle for ergonomic working.

**The refined screwdriver for electronics technicians**

The Kraftform Micro, with its three zones and their specific arrangement, satisfies these requirements perfectly. The free-turning cap that provides support for the hand works with these advantages, enabling quick and easy precision work.

**The precision zone**

The precision zone directly above the blade gives the user a better feel for the right rotation angle during fine adjustment work.

**The power zone**

The power zone has integrated soft zones near the blade tip to ensure high torque transfer for loosening or tightening screws without losing contact with the screw.

**The fast-turning zone**

The fast-turning zone just below the rotating cap allows rapid spinning.

**Applications**

Indispensable for many users, including electronics technicians, opticians, precision engineers, jewellers, EDP hardware fitters and model-makers
