

Bit-Check 6 Wood TX HF 1 SB, 6 pieces

Bit-Checks Wood

EAN:	4013288227508	Size:	176x92x15 mm
Part number:	05073639001	Weight:	92 g
Article number:	Bit-Check 6 Wood TX HF 1 SB	Country of origin:	CZ
		Customs tariff number:	82079030

- Particularly for wood applications
- For TORX® socket screws
- Holding function for TORX® screws
- Also suitable for Würth ASSY screws as well as Altenloh SPAX T-STAR plus screws
- 50 mm-long bits
- With Take it easy tool finder: colour coding by size
- Upright positionable Bit-Checks convince due to their functionality in a minimum of space
- Bit-Check plastic material ensures robustness and durability

Bit set, particularly suitable for woodworking. With their special geometry and as per the specification Acument Intellectual Properties, the 867/4 TORX® HF bits hold TORX® screws securely on the tool! This is particularly helpful in hard-to-reach work areas where the second hand cannot be used to hold the screw. They are also suitable for Würth ASSY screws as well as Altenloh SPAX T-STAR plus screws. With "Take it easy" tool finder: colour coding by size. The Bit-Check allows a quick overview of the available tools. Unused bits are simply put back in the holder and will not be lost. Easy transport e.g. in your shirt pocket. The Bit-Check can be set up at the work place, which allows for quick access of the tools.

Bit-Checks Wood

Never again barking up the wrong tree!

Bit set especially for wood applications - with holding function for TORX® screws.

The HF profile

In tight assembly or disassembly situations, for example in engine compartments, it is not possible to securely hold the screw with the hand on the screwdriver, and the screw subsequently often gets lost. Lengthy searches or the loss of the screw (with the associated danger that could bring about) are the consequence. The HF tools developed by Wera are ideal because they feature an optimised geometry of the original TORX® profile. The wedging forces resulting from the surface pressure between the drive tip and the screw profile mean that the screw is securely held on the tool!

Also for ASSY and SPAX T-STAR plus screws

The Wera 867/4 TX HF bits are also suitable for Würth ASSY screws as well as Altenloh SPAX T-STAR plus screws.

At the workplace

The Bit-Checks can be positioned upright at the workplace so the tool is always quickly to hand.
