

<b>EAN:</b>	4013288194848	<b>Size:</b>	155x100x35 mm
<b>Part number:</b>	05073676001	<b>Weight:</b>	154 g
<b>Article number:</b>	Kraftform Kompakt Micro 11 Electronics 1	<b>Country of origin:</b>	CZ
		<b>Customs tariff number:</b>	82054000

- Anti-roll feature and swivel cap for rapid twisting
- Kraftform Micro handle for fast and ergonomic working
- Indispensable for many users, including electronics technicians, opticians, precision engineers, jewellers, EDP hardware fitters and model-makers
- Kraftform Micro set in a robust pouch
- Suitable for docking with the Wera 2go system

Kraftform Kompakt Micro Set for precision mechanical applications; suitable for the take-up of bits with 4 mm halfmoon drive (Wera series 9) and bits with 4 mm HIOS drive (Wera series 21); handle/interchangeable blade system for rapid blade change; Kraftform Micro handle with twist cap and free-turning zone for rapid twisting, making any time-consuming repositioning of the fingers unnecessary; power zone with integrated soft zones for the transfer of higher tightening and loosening torque; precision zone directly above the blade for the right angle for adjustment work; comes with 10 bits for manual as well as power tool operations; rapid fixing of the bit: just push the bit into the insert for automatic locking and a secure fit. To change the bit, simply push the sleeve forward and remove; free-turning sleeve for simple guidance of the tool during the screwdriving process.

Series Kraftform Micro

Kraftform Micro handle

Screwdriving jobs in electrical and precision engineering applications are often tedious and time-consuming. We learned from users what is important for them: working speeds, torque, precision - and we then focused particularly on these issues.

Multi-component screwdriver handle for ergonomic working.

The refined screwdriver for electronics technicians

The Kraftform Micro, with its three zones and their specific arrangement, satisfies these requirements perfectly. The free-turning cap that provides support for the hand works with these advantages, enabling quick and easy precision work.

The precision zone

The precision zone directly above the blade gives the user a better feel for the right rotation angle during fine adjustment work.

The power zone

The power zone has integrated soft zones near the blade tip to ensure high torque transfer for loosening or tightening screws without losing contact with the screw.

The fast-turning zone

The fast-turning zone just below the rotating cap allows rapid twisting.

Applications

Indispensable for many users, including electronics technicians, opticians, precision engineers, jewellers, EDP hardware fitters and model-makers

# Kraftform Kompakt Micro 11 Electronics 1, 11 pieces

## Series Kraftform Micro

### Set contents:

#### 1013 Kraftform Micro Bitholding screwdriver, 97 mm

#### 851/9 C J PH bits, halfmoon, PH 000 x 44 x 1.5 mm

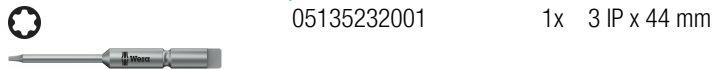

1) Optimised for Asian PH screws  
2) Size 0 modified according to JCIS 0 (Japanese Camera Industrial Standard)

#### 867/9 C TORX® bits, halfmoon, TX 8 x 44 mm

#### 867/9 C IP TORX PLUS® bits, 3 IP x 44 mm

#### 867/9 IPR TORX PLUS® bits, 1 IPR x 44 x 1.5 mm

#### 800/9 C bits, 0.35 x 2.5 x 44 mm

#### 872/9 bits for Microstix® screws, m x 44 mm

#### 869/9 Nutsetters, 2.5 x 44 mm
