- 4 L-keys and a bottle opener on a textile card
- L-keys with Hex-Plus profile prevent premature rounding of hexagonal socket screws
- All L-keys with Take it easy tool finder: Colour coding by size
- The circular material and the plastic sleeve of the L-keys make working comfortable
- Bottle opener in solid steel
- In an advertising-free Christmas box - the ideal present

The perfect gift for anyone who values quality tools. 4-piece L-key set plus one bottle opener in an advertising-free, Christmassy gift packaging. 4 L-keys (sizes 3.0; 4.0; 5.0; 6.0) and a bottle opener, compact storage on a textile card. The bottle opener gives you something to look forward to after a job well done!

Festive packaging

The tool set is packaged in a Christmas-themed box, making it the perfect Christmas gift.

Hex-Plus

Hexagon screws can endure a problem because the contact surfaces delivering the power from the conventional tool, is transferred to the screw via very small surface areas. The consequence: the screw can become damaged (rounding out). Hex-Plus tools have a greater contact surface that prevents this from happening! At the same time, as much as 20 % more torque can be applied. Good to know: Hex-Plus tools fit into every standard hexagon socket screw!

Ball tip

The spherical drive profile means that it is possible to swivel the axis of the tool to that of the screw, and therefore enable angled, "around-the-corner" screwdriving jobs.

L-keys with a thermoplastic sleeve

L-keys made from circular material fit into the hand better and allow less strenuous work over a longer period. Additionally, the rubber sleeve provides a pleasant grip, particularly in applications at low temperatures. Colour coding and large stamp enable the desired L-key to be easily located. Moreover, the round material keys are more robust, particularly where smaller sizes are concerned.

With Wera bottle opener

The solid steel bottle opener for an evening well-deserved

Robust textile card

The tools as well as the bottle opener are stored on a textile card and held securely by rubber band loops. The card can be attached to a belt using the key ring.
