9734 Foam insert 6004 Joker VDE set 1, 4 pieces

Foam inserts with tools

EAN:	4013288232502	**Size:**	405x185x55 mm
Part number:	05150124001	**Weight:**	1369 g
Article number:	9734	**Country of origin:**	CZ
		Customs tariff number:	82041100

- Durable foam insert, each tool has its own place; two-coloured, missing tools will quickly be noticed
- High-quality, durable foam insert without chemical vapours
- 6004 Joker VDE XS for wrench size 7-10 (metric) or 1/4"-3/8" (imperial); 6004 Joker VDE S for wrench size 10-13 (metric) or 7/16"-1/2" (imperial); 6004 Joker VDE M for wrench size 13-16 (metric) or 1/2"- 5/8" (imperial); 6004 Joker VDE L for wrench size 16-19 (metric) or 5/8"-3/4" (imperial)
- Individually tested tools with insulated handles for safe working up to 1,000 volt, with anti-slip protection and sliding function for contactless and safe opening of the non-insulated jaws
- Automatically and continuously gripping hexagon screws and bolts
- Lever mechanism upon gripping prevents slipping and damage
- With mechanical ratchet functionality for fast and consistent screwdriving without removing the spanner
- Return angle of only 30° when using the corner-width rectangular prisms in the jaw

Durable foam insert; two-coloured for quick identification of missing parts; suitable for the Tool Rebel roller cabinet. Equipped with four 6004 Joker VDE self-setting spanners.

Safe storage and quick overview

The tools sit securely in the foam thanks to precise contour cutouts, but are easy to remove. The carefully designed arrangement of the tools ensures space-saving storage and quick access to each tool.

Two-coloured foam insert

After removing the tool the light grey second foam becomes visible and therefore missing tools are quickly identified.
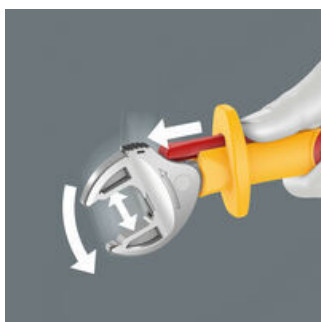

Individually tested

The individual testing at 10,000 volts, in accordance with IEC 60900, ensures safe working with loads up to 1,000 volts.

### Joker 6004 VDE: automatically and continuously self-setting

With its automatically and continuously gripping parallel jaws the Joker 6004 VDE spanner covers all dimensions within the potential operative range. The tool finds the required size by itself when attaching it to the bolt or screw.
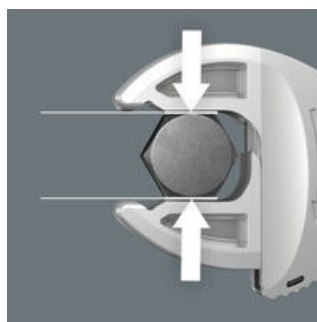

Safe opening of the jaws

The sliding function allows contactless and safe opening of the non-insulated jaws.

Anti-slip protection

The anti-slip protection at the front end of the handle ensures a secure hold and prevents your hand from accidentally slipping forward.

Joker 6004: gentle to the screw

The parallel, smooth jaws of the Joker 6004 VDE offer a seating stress and can thus prevent the nut or screw head from rounding, which can occur when power is transmitted via the corners.

Joker 6004 VDE: ratchet mechanism for quick working

The ratchet feature in the jaw ensures fast and consistent screwdriving without removing the tool.

9734 Foam insert 6004 Joker VDE set 1, 4 pieces

Foam inserts with tools

Set contents:

6004 Joker VDE XS VDE-insulated, self-setting spanner, 7-10 x 1/4-3/8" x 119 mm
