

EAN:	4013288238481	Size:	430x185x55 mm
Part number:	05150134001	Weight:	882 g
Article number:	97111	Country of origin:	CZ
		Customs tariff number:	82054000

- Durable foam insert, each tool has its own place; two-coloured, missing tools will quickly be noticed
- High-quality, durable foam insert without chemical vapours
- Optimum fit for the best possible removal of the tools from the foam insert
- Water- and oil-repellent, low maintenance and easy to clean
- Protection of the tool from dirt and impact
- Screwdrivers for Phillips, Robertson (square head) and slotted screws
- Insulated, individually tested screwdrivers as per IEC 60900 for safe working up to 1,000 volt
- Lasertip screwdrivers with micro-rough blade tip that reduces the risk of accidentally slipping out of the screw

Durable foam insert; two-coloured for quick identification of missing parts; suitable for the Tool Rebel roller cabinets. Equipped with 6 Kraftform series 100 VDE screwdrivers (Phillips, slotted, square head). Insulated, individually tested tools as per IEC 60900 for safe working up to 1,000 volt.

Safe storage and quick overview

The tools sit securely in the foam thanks to precise contour cutouts, but are easy to remove. The carefully designed arrangement of the tools ensures space-saving storage and quick access to each tool.

Two-coloured foam insert

After removing the tool the light grey second foam becomes visible and therefore missing tools are quickly identified.

Individually tested tools as per IEC 60900 at 10,000 V

The individual testing at 10,000 volts, in accordance with IEC 60900, ensures safe working with loads up to 1,000 volts.

Lasertip prevents slipping out

A precisely-focused laser creates a sharp-edged surface structure. Wera Lasertip "bites" itself into the screw head and prevents any slips out of the recess. It is available for screwdrivers for slotted, Phillips and Pozidriv screws.

Screwdrivers with Take it easy tool finder

Thanks to the colour coding and size stamping on the handle, the required tool can be found quickly.

Non-roll feature

The hexagonal non-roll feature prevents any rolling away at the workplace.

Wera Black Point tip

The Wera Black Point tip and a sophisticated hardening process guarantee a long usability for the tip, increased corrosion protection and exact fitting accuracy of the square head screwdrivers.

Tangible ergonomics

The outstanding design of the Kraftform handle that fits perfectly into the hand prevents hand injuries such as blisters and calluses.

Set contents:

162 i PH VDE Insulated screwdriver for Phillips screws, PH 1 x 80 mm

05006152001	1x	PH 1 x 80 mm
05006154001	1x	PH 2 x 100 mm

160 i VDE Insulated screwdriver for slotted screws, 0.4 x 2.5 x 80 mm

05006100001 ¹⁾	1x	0.4 x 2.5 x 80 mm
