- Durable foam insert, each tool has its own place; two-coloured, missing tools will quickly be noticed
- High-quality, durable foam insert without chemical vapours
- Chiseldriver for slotted and Phillips screws
- Chiseldriver for fastening, chiselling and loosening
- Hexagonal blade extending through the handle
- Impact cap and bolster for the transfer of higher torque
- The hexagonal geometry at the front of the handle prevents the screwdriver from rolling away annoyingly at the workplace
- Width x height x depth: without tools 172 x 30 x 392 mm, with tools 172 x 48 x 392 mm

Durable foam insert; two-coloured for quick identification of missing parts; suitable for the Tool Rebel roller cabinets. Equipped with 6 Kraftform chiseldrivers (Phillips and slotted).

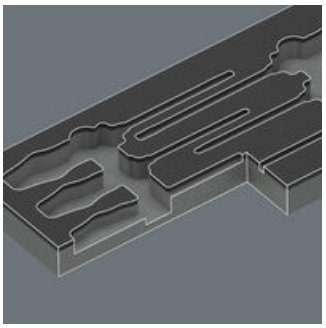
### Safe storage and quick overview



The tools sit securely in the foam thanks to precise contour cutouts, but are easy to remove. The carefully designed arrangement of the tools ensures space-saving storage and quick access to each tool.

### Two-coloured foam insert

After removing the tool the light grey second foam becomes visible and therefore missing tools are quickly identified.

### Integrated impact cap

An integrated impact cap lengthens the service life and reduces the danger of splintering. Nevertheless, always wear protective goggles.

### Pound-thru blade

A hexagon blade made out of high-quality bit material extends right through the handle - thereby ensuring full transfer of force, even when struck with a hammer. The ductile tempered material prevents the blade from splintering or breaking.

### Integrated hex bolster

Greater torque can be transferred by fitting an open-jaw or ring spanner over the integrated hex bolster.

### Wera Black Point tip

The Wera Black Point tip and a refined hardening process ensure long service life of the tip, improved corrosion protection and an exact fit.

### Prevents hand injuries

The outstanding design of the Kraftform handle that fits perfectly into the hand prevents hand injuries such as blisters and calluses.
