- Multi-component Kraftform handle for fast and low-fatigue working
- Individually tested tools as per IEC 60900 at 10,000 V for safe working up to 1,000 volt
- Handle markings simplify finding and sorting of tools
- Hexagonal anti-roll feature against rolling away
- The Wera Black Point tip offers an exact fit and optimum corrosion protection
- Single-pole phase tester

Premium Kraftform VDE screwdriver set. Multi-component Kraftform handle for fast and gentle work. The Wera Black Point tip and a sophisticated hardening process guarantee a long usability for the tip, increased corrosion protection and exact fitting accuracy. Individually tested at 10,000 V for safe working at the approved voltage of 1,000 V. The hexagon anti-roll protection avoids screwdrivers from rolling away annoyingly at the workplace. Handles marked to find and sort the tools easily. One single-pole phase tester.

Individually tested

The individual testing at 10,000 volts, in accordance with IEC 60900, ensures safe working with loads up to 1,000 volts.

Ergonomic Kraffform handle

The multi-component Kraffform handle for quick and low-fatigue working.

Non-roll feature

The hexagonal non-roll feature prevents any rolling away at the workplace.

Identification marking

The screw profile and tip size identification markings on the handle make it easier to find the right screwdriver in the tool case, or at the workplace.

Wera Black Point tip

The Wera Black Point tip and a refined hardening process ensure long service life of the tip, improved corrosion protection and an exact fit.
