EAN:	4013288236449	Size:	125x75x25 mm
Part number:	05340004001	Weight:	144 g
Article number:	Kraftform Kompakt 10 Christmas 2025	Country of origin:	CZ
		Customs tariff number:	82079030

- Bit holder with Rapidaptor quick-release chuck for bits with 1/4" hexagon drive
- 9 BiTorsion bits (BTZ) for Phillips and Pozidriv, TORX®, square head and slotted
- Bits with BiTorsion zone to cushion load peaks
- Bits with Take it easy tool finder: colour coding by profile and size stamping
- Handy and robust storage in the foldable Bit-Check
- In an advertising-free Christmas box - the ideal present

The compact Kraftform Kompakt 10 tool set in advertising-free, Christmassy gift packaging. The perfect gift for anyone who values quality tools.

Includes one bitholding screwdriver with Kraftform handle for high working speeds and particularly ergonomic screwdriving. The Rapidaptor bit mounting allows lightning-fast bit changes. Also included are 9 BiTorsion (BTZ) bits for universal use. The BiTorsion zone cushions peak loads and ensures a long service life for the bits. All bits are equipped with the Take it easy tool finder: The coloured band (colour indicates the screw profile) also carries a stamp with size information which makes it easy to find the right bit.

Festive packaging

The tool set is packaged in a Christmas-themed box, making it the perfect Christmas gift.

Handle/interchangeable blade system

The handle/interchangeable blade system allows rapid exchange of the blades required for a wide range of applications.

BiTorsion Bits

Premium bits with torsion zone into which kinetic energy is dissipated during peak loads. With softer BiTorsion zone to prevent the bit tip from twisting at high loads. This significantly increases product life. Tough design for universal use.

Rapidaptor holder

Lightning-fast bit change without any extra tools. One-handed operation. With fast-rotating sleeve for easy wielding of the screwdriver.

Rapid-in and self-lock

The bit can be pushed into the adaptor without moving the sleeve. The lock is activated automatically as soon as the bit is applied to the screw. Bits are held securely and wobble-free.

Rapid-out

Simply push the sleeve forward to change the bit. The spring mechanism lifts the bit off the magnet and unlocks the tool. The bit can be easily removed. The rapid-out function makes it easy to remove even the smallest bits without extra tools.

Single-hand function

Every function of the Rapidator quick-release chuck, such as inserting or releasing bits, can be carried out with one hand. This is faster, more economical and more ergonomic. There are no unnecessary manoeuvres.

In a robust storage box

Compact design for space-saving storage. Low weight for easy transport. Also fits in your shirt pocket.
